SUMMARY

Motivated and detail-oriented Web Developer with 2+ years of experience in web development. Proficient in building responsive and dynamic web applications using React.js, Next.js, JavaScript, HTML, and CSS. Skilled in translating UI/UX designs into functional components, integrating APIs, and writing clean, maintainable code. Passionate about learning new technologies and contributing to impactful development projects.

PROJECTS

GB Marketing

- Developed the frontend using Next.js, ensuring a dynamic, fast, and SEO-friendly interface.
- Designed responsive UI components for campaign creation, ad group management, and analytics dashboard using modern CSS and React best practices.
- Integrated Creatify AI APIs to allow users to customize Virtual Influencers (appearance scripts) and preview promotional video outputs.
- Developed a multi-step form wizard for campaign and ad group setup with real-time validation and contextual UI feedback.
- Implemented OAuth-based social media login flows (Google, Facebook, Twitter, TikTok, YouTube) using secure client-side integration.
- Integrated Twilio messaging UI to enable AI-generated message previews for WhatsApp and SMS delivery.
- Worked closely with the backend team to consume REST APIs and event-driven updates, ensuring real-time data sync. Used TypeScript for type safety and React Query for efficient API interaction.

Pawfect Accommodation

- Built the frontend in Next.js to deliver a performant, SEO-optimized booking platform for pet-friendly accommodations.
- Designed and implemented responsive UI components for listing properties, availability search, and booking workflows.
- Integrated interactive search filters (location, dates, pet type, property type) with real-time results and smooth UX.
- Developed property listing cards and details pages with image carousels, maps, amenities, and owner/pet info.
- Implemented user authentication flows for pet owners and property managers using secure form validations and token handling.
- Built property management dashboard for hosts to add/edit listings, manage bookings, and view analytics.
- Integrated calendar availability and booking modules with dynamic date selection and availability sync. Ensured cross-device compatibility and followed mobile-first design.

EXPERIENCE

Jr. Web Developer, Fxbytes Technology Pvt. Ltd.

05/2024 - Present

- Developed interactive and dynamic web applications using React and Next.js, ensuring smooth user interactions and efficient routing across pages.
- Created reusable, modular components using React and Material-UI, improving code maintainability and reducing development time for future features.
- Utilized HTML, CSS, and JavaScript to build responsive, visually appealing web pages, ensuring they functioned seamlessly across different devices and browsers.
- Integrated API services and handled state management within React applications, optimizing data flow and application performance.
- Collaborated with cross-functional teams to implement design mockups into fully functional user interfaces, applying best practices for performance optimization and code scalability.

Web Developer, SG Gurukul

01/2023 – 01/2024

- Built and maintained responsive websites using HTML, CSS, Bootstrap, and Javascript, ensuring an optimized user experience across different devices.
- Translated design wireframes and mockups into functional user interfaces, maintaining design consistency and providing a seamless user experience.
- Utilized Bootstrap and Tailwind to implement responsive, mobile-first designs that adapted smoothly across a range of screen sizes.
- Developed and customized websites using WordPress, providing clients with easy-to-use content management systems while ensuring SEO best practices were followed.
- Collaborated with designers and back-end developers to integrate front-end designs with back-end logic, identifying and resolving issues to ensure the quality and performance of the websites.

SKILLS

Web Technologies: HTML5, CSS, Bootstrap, Tailwind CSS, JavaScript, React.js, TypeScript, Next.js, Redux, Material-Ui

Tools: JIRA, Git, GitHub

Programming: Basic C, C++

EDUCATION

Bachelor of Technology, RGPV, Ratlam (2019 – 2023)

Senior Secondary (XII), Samta Shiksha Niketan, Ratlam (2018 – 2019)

Secondary Education (X), Samta Shiksha Niketan, Ratlam (2016 – 2017)

LANGUAGES

- English, Hindi
